Awards Committee Chairman  
Montford Point Marine Association

Subject: NOMINATION FOR MPMA HALL OF FAME

It is with great pleasure that I resubmit **Regina B. Lawrence** for consideration for induction into the Montford Point Marine Association Hall of Fame.

Regina served as the National Secretary for three National Presidents, which covers a period of thirteen years in office. During this period she performed her duties in an exemplary manner and elevated the credibility of MPMA. Regina knowledge of computers elevated the potential of the national level. She designed the financial system that helped her chapter complete two of the most successful convention s in the history of MPMA.

Regina has contributed to the organization by investing her time, financial resources and computer skills to implement programs to keep MPMA in the forefront.

She designed the temp plate for the 2000 convention registration package that is still being used for registration on the national level today. Regina maintained the National site when the national web site was dropped by the web master. She maintained and designed the web-site for a period of six years. When the technology of the new membership card was introduced, Regina programmed, operated and designed the plastic membership card machine, which increased membership of the organization. She designed and formatted the national directory that exist on the national level today. She was the first to introduce the lap top as a onsite working tool, which improve the timely flow of information on the floor. Regina personally purchased the software and wrote the first national news letter with color pictures which was received by all members. Regina is a multi talented individual that has relentlessly performed above and beyond her duties. During her tenure she continued to serve as a reserves and worked a full time government job. Her leadership and knowledge of protocol and policy was inspirational to the tenure of three national presidents. Serving as the National Secretary Regina has demonstrated a willingness to work hard for the advancement of MPMA. She strived to elevate MPMA through her performance and deeds. Camp Lejeune Chapter highly recommends Regina B. Lawrence for induction into the MPMA National Hall of Fame.

Respectfully submitted,

Nathaniel W. James, Jr., President  
Past National President
